Mr. Thomas Munson
Utah Division of Oil, Gas and Mining
Box 145801
Salt Lake City, Utah 84114-5801

Dear Tom:

Anasazi Gold Reserves operates the Highland Mist Mine in Garfield and Iron counties under Small Mine Permit S/021/035. Recent activities have expanded the areas of surface disturbance beyond the 5 acres allowed under the permit.

We have been retained to apply for a Large Mine Permit for this operation. We have completed a GPS survey around the mine area, haulage road and the stockpile and the surface area disturbed is now about 9 acres in size.

We will be going through the application process and should have a Notice of Intent to Commence Large Mining operations to you in the not-too-distant future. Please contact me if you have any comments or questions in regards to the Highland Mist Mine.

Sincerely,

O. Jay Gatten
